

SUN BEAMS

By WALTER M. BARRETT

We have just learned that our representatives to the State Legislature are endeavoring to have Governor Olson appoint a citizen from this district on the State Fish and Game Commission. We sincerely wish there was something we could do to assure success to this plan. We have always felt that in order to do justice to a job one should know something about what he is doing, and we are certain that a man familiar with conditions in this locality would not hesitate to urge the appointment of a warden to the Truckee River and the tributaries from which it feeds. Of course, there is always the possibility that we may not secure this urgently needed support even from new officials, but we may rest assured that the retiring officials have failed to give us the services of one of the scores of wardens in the state and it would be difficult for us to fare worse in the future. Both our local representatives will do what they can toward helping us. This is certain. We can only hope that the man selected will at least give us an audience and review our case which has been pointed out time after time to retiring officials without results and with little or no courtesy shown our pleas.

Within the short period of a month the Golden Gate International Exposition at San Francisco will open. Great preparations have been made to welcome thousands of guests, fortunes have been spent to make the big show a real success and now all is in readiness for the event. We have known the fair would open for months and even years, but have we done anything locally to make Truckee, the town through which thousands are expected to pass going to and from the exposition, a more appealing place to stop and visit and from which the tourist may take home fond memories of one of California's finest and most picturesque towns. Other towns along the routes have made preparations. They have cleaned up and are preparing receptions for the visitors to California. We can do the same. We can make longer with pleasure be any of the others. We have an historic background which is unequalled. We have the finest scenery, the best atmosphere and the most perfect setting for what it takes and we should by all means do something beside talk about it. We are going to be before the eyes of the nation this summer and it's entirely up to us as to what impressions will be formed.

SOCIAL, STUDY HOUR TO BE FEATURED BY LOCAL CHURCH

Rev. G. J. E. Keetch has inaugurated a social and study hour to be held at the parsonage of the Community Methodist Church Sunday evenings at 6:30. All genuinely interested are urged to attend these interesting sessions with the new minister.

IOWA CONVICT HELD BY OFFICERS AFTER GAME LAW ARREST

Reports from the office of Sheriff Carl Tobassen this week revealed that Frank Adams, one of four arrested by Warden Earl Hiscox for possession of illegal venison, is an escaped convict from an Iowa penitentiary. He is really George Jones, No. 17418, William Dove, apprehended at the same time as Jones, was previously revealed as an escapee of the Iowa State Prison, where Jones was a trusty.

Jones was serving a five year term for marrying his first cousin and Dove was doing a 10 year sentence for possession of stolen goods. The pair had been working as gravel miners on the South Fork of the Yuba River.

TAHOE HOME LOOTER IS GIVEN TERM IN JAIL FOR ROBBERY

Superior Judge George Thompson sentenced Paul McKeehan, 34, of Sacramento to three months in the El Dorado county jail and placed him under five years probation following a plea of guilty to charges of burglarizing the summer home of Miss Margaret Bartlett on Lake Tahoe.

McKeehan's companions, John Reynolds, 21 of Davis, and Jess Shryock, 19 also of Davis, were given sentences of three months in jail and given three years probation and two months in jail and two years on probation respectively.

Firemen Decide To Sponsor Fete On Fourth Here

Committee Named to Prepare Celebration Here July 1 to 4

PROTEST RELIC ACTION

Letter Directed To Board To Have Collection Returned

Rescinding the action taken at the last meeting, members of the Truckee Volunteer Fire Department Tuesday night decided to sponsor a Fourth of July celebration here, tentative dates having been set for July 1, 2, 3 and 4. While these dates do not coincide with the dates allotted Truckee for Home Coming Week, they nevertheless assure the town of a celebration for the coming year. Home Coming Week dates, set by the Golden Empire Association, had been fixed for June 26 to July 1 by the committee. The firemen, according to Chief N. F. Dolley, discussed these dates but decided, in view of the fact that the most of the members would be busy during the week and that the seven day period would offer too much time to keep a celebration interesting, the department decided to use only the last day of the Home Coming Week and then carry through to the Fourth.

It was suggested that other local organizations sponsor affairs during the preceding days of the week. Gino Giovannoni was named by Dolley as chairman of the celebration workers Harry Baldwin, Ray Rusk Robert Siebold and Orlan Sanders. Further details, including a program will be worked out at a future meeting.

PROTEST RELIC REMOVAL

The department went on record as opposing the action of the board of supervisors in removing the old McGlashen relics from Rocking Stone Tower here and the secretary, Orlan Sanders, was instructed to direct a letter protesting the permanent removal of the mementos and asking their return to their original location. The action of the department follows closely that taken by the Truckee Chamber of Commerce and the Lions Club, both of which went on record as unanimously opposing the action and demanding the return of the museum pieces.

Added to the protests of the local civic groups was a letter from Mrs. Bliss McGlashen Hinkle of Tahoe City who is administratrix of the estate of her late father, C. F. McGlashen, who deplored the removal of the historic mementos and offered her support in having them returned to Truckee.

While the action of the organizations has thus far failed to bring a word of explanation from the board, despite written protests and requests, it is expected that the continued efforts to have the museum pieces returned will eventually bear fruit. Individuals as well as organizations have voiced their disapproval of the action.

FIRST AID LESSONS

Starting January 23, members of the department will be given a series of first aid lessons by Frank Galennie, authorized instructor for the American Red Cross. It is hoped to form a first aid team among the firemen in keeping with the action of other departments and to give Truckee the benefit of a thoroughly trained efficient first aid unit.

The meeting was held at the Donner Hotel with Chief Dolley presiding.

\$120 IN LOCAL COURT FINES SWELL COFFERS

Taxes, aggregating \$119,001.72, were the bulk of county receipts during the month of December, according to Treasurer Frank Steel, who reported a \$163,373.28 income for the month. Expenses were \$115,252.69.

Among the receipts from sources other than taxation was \$120.50 in justice court fines and fees from the court of Judge C. E. Smith of Truckee.

Auditor Arrives To Audit Accounts Of Local Utility District

Published Report To Be Made As Work On Books Completed

The Board of Directors of the local public utility district have retained Harry M. Straine, well known accountant of Sacramento, to examine the books of the district and check over the system of accounting now being used. Straine has had extensive experience in public utility accounting, having installed the utility accounting system used by the City of Roseville and many others.

The County of Nevada has hired him in the past to audit the county books and he has recently completed an audit of the books of Placer county. Straine visited here recently and examined the system used by the Truckee Public Utility District. Due to the press of business at this time of the year, it will be the latter part of this month before he will be able to return to complete his work and render a report to the Directors.

His findings on the condition of the accounts of the district and any suggested changes in methods will be published as soon as they are received by the district's directors.

Tahoe Wins Honors For Attendance At Snow Sports Carnival

Summit Girl Wins Honors At Annual Affair

This area continued to carry the honors at the Winter Sports Carnival held at the Sacramento Auditorium Saturday night when Yvonne Blossom of the Sugar Bowl Ski Club of Donner Summit, 10 miles west of here, was crowned queen of the affair and the Lake Tahoe Ski Club had the largest attendance of all the clubs represented. Last year the crown was given Truckee through its candidate Anne Gregory.

Miss Blossom, who won the inter-collegiate women's skiing championship at Sun Valley last week, was chosen by the judges for displaying the most practical winter sports outfit and was acclaimed by popular applause, receiving the crown from Arthur S. Dudley, manager of the Sacramento Chamber of Commerce. She is a University of Nevada student.

A program of entertainment followed the judging. Miss Tina Gini, who ably carried the local colors, was accompanied to the meet by her sister, Mrs. A. Pfander, Robert C. Bowers and Arthur Kehm and Mr. and Mrs. Clarence Bowers.

4,000,000 FROM OUT OF STATE EXPECTED HERE FOR BIG FAIR

A little more than a month remains before the opening of the great Golden Gate International Exposition on the 18th of next month. About twenty million admissions are expected to Treasure Island in the heart of San Francisco Bay of which it is estimated that 4,000,000 will come from out of the state to see the greatest show on earth.

Forty nations, half the states of the Union and more than 500 exhibitors and concessionaires are spending \$25,000,000 on the \$50,000,000 fair.

Thousands of autoists and tourists have previewed the spectacular site of the exposition, utilizing the 12,000 car parking lot. The artificial island is connected to the world's biggest bridge by a six lane causeway to Yerba Buena Island.

SMITHS MOVE TO APPLAGATE FOR JOB

Mr. and Mrs. Lyle Smith and children left Saturday to make their home at Applegate during the time that Smith is completing the contracted electrical work on the new building at Weimar Sanitarium.

Mr. and Mrs. J. E. Pinckney accompanied the Smiths, returned home during the week end.

Highway Official Reports Plans to Fix Local Roads

Appeal Will Be Made to State Officials To Have Repairs Made

SAYS NO CHANGE HERE

Approaches To Town Will Be Fixed If Plans Materialize

Encouraging reports followed the visit here this week of H. D. Jerrett, of Marysville, right of way agent for the state division of highways, who investigated the two approaches to Truckee on the state highway.

Jerrett said that in all probability the entrances will be straightened out and widened during the coming year. His visit here followed a request by the Truckee Chamber of Commerce that the state repair the two present inadequate and dangerous entrances.

The official reiterated the statement recently made by former Director of Public Works Earl Lee Kelly that no plans have been made for putting the highway on the hill. He said that if local state legislators can have the entrance roads included in a project it will no doubt be taken care of, but that no funds were available for changing the routing and that no survey had been approved.

Motion Pictures

Being Made Near here By Company

Skiing Picture Will Have Local Stars During Filming

Expert skiers of this vicinity are making preparations to take part this week in the skiing picture 'Snowbirds' to be filmed at the Sugar Bowl on Donner Summit by the Metro-Goldwyn and Mayer motion picture company and starring Hannes Schroll of Norden, internationally known for his skiing prowess. Frederick and William Klein, instructors at the Sierra Club will also exhibit their skill.

The picture will depict skiing in California from its infancy and will carry on as to the possible facilities and equipment for the sport in the future and will take about ten days to film if weather conditions remain favorable.

The Sugar Bowl, recently purchased by a group of enthusiasts, was chosen as the ideal setting for the film, the snow being perfect for the fancy skiing required of the cast of California and Nevada experts in the sport who have been practicing speed and style for three months.

MRS. GREGORY HURT IN SKIING ACCIDENT

Mrs. Stanford Gregory is suffering from a broken ankle and injured knee as the result of a fall while skiing at Donner Summit this week end. Immediately following the accident Mrs. Gregory was taken to Reno where x rays were taken of the injured member. She will have to wear a plaster cast for six weeks, according to reports. Four other persons were also hurt in that vicinity during Saturday and Sunday.

The meeting of the Truckee Outing Club, slated for Monday night, was postponed because Mrs. Gregory, the secretary of the club, was unable to be present.

New Attorney Hangs Up Shingle After Acceptance By County Legal Group

The Nevada County Bar Association welcomed a new member in the person of Thomas McCraney, of Nevada City, a recent graduate of Hastings Law School. At the meeting of the association Judge George L. Jones appointed Miles Coughlin as court reporter and reappointed Attorney William Cassateria as court commissioner.

ASSEMLMAN SCOOP THURMAN

Thurman Will Give Weekly Reports Of Assembly

In another section of the Sierra Sun this week will be found a column devoted to the happenings of the California Legislature, prepared by Assemlman Allen G. (Scoop) Thurman, who represents this district in the Assembly at Sacramento.

This feature is prepared by Scoop so that the citizens of the district may keep informed on affairs affecting his district as well as the entire state. It is proposed to present it weekly throughout the session.

Of particular interest this week to Truckee and the Tahoe area is the proposed bill introduced by our Assemlman in having an appointee on the State Fish and Game Commission from this region. He is being ably assisted in the suggestion, to be placed before Governor Olson, by Senator Jerry Seawell, representing this district in the State Senate.

Father Of Former Local Man Dies At Yuba City

Alfred B. Cassidy, 87, who visited in Truckee when his son, Bert Cassidy of Auburn was living here, died at his Yuba City home on Tuesday. Funeral services were conducted from the family residence.

MRS. ANDERHOLDEN INSTALLED AS HEAD OF REBEKAH LODGE

Naomi Rebekah Lodge, No. 2, of Truckee, installed officers Wednesday night for the ensuing term. Acting Deputy President Eliza Campbell was installation officer.

The following were installed: Sadie Anderholden, noble grand; Emma Powell, vice grand; Lucille Bick, secretary; Georgia Fellett, Treasurer; Gertrude Smith, conductor; Hannah Stewart, chaplain; Lotta Bryant, musician; Eliza Campbell, right support of the noble grand; and Neva Wilson, right support of the vice grand.

The remaining officers will be installed at a later date.

A social period and refreshments were enjoyed at the close of routine business.

GAIENNE NEW HEAD OF KNIGHTS PYTHIAS AS OFFICERS SEATED

With Acting Deputy Grand Chancellor Al Fontana, assisted by Past Chancellors O. S. Schumacher, William Betcheer, A. B. Polyanich and C. C. Cozzallo officiating as the installing officer, Frank W. Gaiennie last week was seated as chancellor commander of Summit Lodge, Knights of Pythias.

The meeting held at Odd Fellows hall, was followed by a Dutch feed. Reports for the past year showed the lodge to be financially strong and with a paid up membership of 137.

Other officers installed were Fred Kohler, v. c.; Robert Tonini, Jr., prelate; Robert W. Siebold, m. of w.; H. Cardinal, m. at a.; W. M. Englehart, k. of r. and s.; J. F. Liechtenberger, m. of f.; Ben Tonini, m. of e.; Gino Giovannoni, inner guard; N. Quilico, outer guard; Al Fontana, trustee for three years.

Lions Club To Start Petition On Incorporation

Volunteer Committee Heading Club In Fact Finding Program

LOYND IS CHAIRMAN

Resolution Adopted By Club By Unanimous Vote Of Members

The smouldering embers of the incorporation fire were fanned into flame here last night when the Truckee Lions Club unanimously adopted a resolution authorizing a self appointed committee to prepare and circulate a petition asking the supervisors to call an election to determine whether or not the town shall be incorporated.

It was definitely understood that the procedure will not be a "shot-gun" affair. In other words a program of explanation, giving those for and against the idea an opportunity to express their reasons, will be sponsored prior to the presentation of the petition to the board.

E. L. Loynd, Truckee drug store owner, volunteered to serve as the committee chairman after expressing himself as being strongly in favor of the plan and agreed to work toward incorporation. Others who volunteered to shoulder responsibilities incident to preparing and circulating the petition and arranging for the various features for information, were R. L. Dolley, N. F. Dolley, virtually every member of the club in attendance offered to lend all possible aid to bring the matter fairly and impartially before the voters.

Several months ago a vote of the club showed that all but one member favored the Lions sponsoring the plan. Many valuable facts, which tended to show the advisability of incorporation were revealed, but at that time nothing definite was accomplished to bring the issue out in the open. That is the thing the committee proposes to do in the near future and by engaging speakers who are familiar with the various ramifications of incorporation to present the facts and figures to everyone for a fair consideration.

It was pointed out in the meeting that under our present economic setup in state and federal government unincorporated areas share only in a minor degree in the allocation of the funds being distributed to cities or other political subdivisions. As an example Judge C. E. Smith reported that he had been advised by the state board of equalization that if incorporated Truckee should receive approximately \$3000 annually in the refund from liquor licenses alone. Other items of similar nature which would eventually return to an incorporated city, it was reported, are state gasoline tax, motor vehicle license and fee fines and other funds which should result in considerable increase in local revenue.

THE RESOLUTION

The resolution adopted by the club reads as follows:

WHEREAS, Citizen participation in local government has long been considered a guarantee of democracy and,

WHEREAS, there are many governmental functions which can be most economically and efficiently performed by a local government under the direct control of the citizens, and,

WHEREAS, domination of local affairs by the county government results in inefficiency, lack of cooperation in needed improvements, and loss of revenue to the Town,

NOW THEREFORE BE IT RESOLVED, that the Truckee Lions Den in regular session urge a careful study be made by the residents of Truckee of the desirability of incorporating the town and to this end we hereby go on record as favoring the proposition and authorize a committee formally appointed to investigate this matter, to hire the necessary legal counsel to draw up a petition for circulating the electors for the purpose of incorporating the Town of Truckee.

BROKEN HEARTS' BALM

The cash value of a broken heart depends on the motives of the plaintiff, the judge's sympathy, and the size of the defendant's pocketbook.

Because such cash values have at times been placed as high as half a million dollars, and because the motives of the balm seekers have often been questionable, California may join New York and other states who have recently decided to refuse heart balm to those wounded by Dan Cupid's arrows.

Senator Kenny, a former Superior Court judge of Los Angeles county, who has heard the martial difficulties of many Hollywood celebrities, has introduced in the State Legislature a measure to ban all heart balm suits.

If this genteel racket is suppressed, the victims—real or pretended—of Cupid's errant arrows will have to turn for solace to "Balm in Gilead."

Of balm in California, there will be none!

WHY NOT FACE THE FACTS?

Public spending has reached a point where no one man, in spite of his best efforts and intentions, can call a halt. A halt can be only called, if at all, when the public wills it. And unless the public wills it, the country faces bankruptcy. That is the pain unvarnished truth.

THE SHIP UNSINKABLE

There is a curious analogy in salient decisions of two great Americans whose birthdays fall shortly: Benjamin Franklin, born January 17, 1706, and Robert E. Lee, born January 19, 1807. Each joined in a revolution of which, at the start, he disapproved!

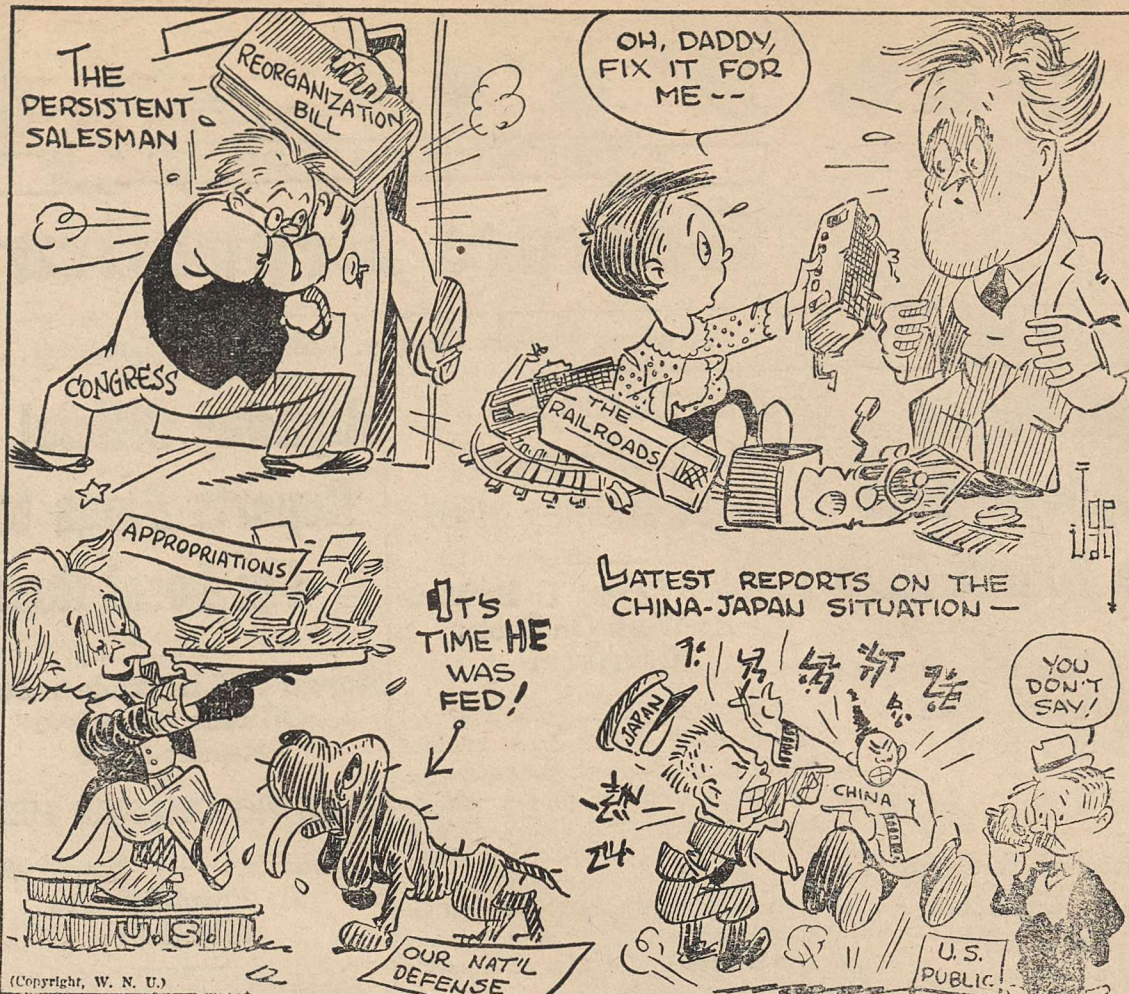

Franklin hoped that the Colonies would grow great as British units—that they would, in time, supplant England as the center of Empire. He opposed armed revolt, believing that by exercise of patience the aggrieved colonists would gain their rights. But when war came, he loyally joined his fellows. He saw no greater calamity for the country than the dissolution of the Union! But he sincerely believed that his native Virginia had the right to secede.

Today dictators sneer at the democratic 'weakness' of permitting men to think for themselves, to make independent decisions. Yet that 'weakness' attests democracy's invincible strength. Even had the South won, in time the Union would have been reborn, for the growing industrial interdependence of all states, the breakdown of sectionalism through improved transportation and communication, inevitably would have stamped secession as an error to be rectified.

The nature of Democracy does not make occasional error in high places inescapable; but so long as the mistakes of American leaders are honest mistakes of sincere men, our Ship of State will continue to weather the heaviest storms and right itself—the one great ship unsinkable.

Advertising is no more essential to business than an engine in an airplane!

Frank Jordan Plans To Live To Be 103, to Have Late Romance at 100

SACRAMENTO, Jan. 12 —(UP)—Secretary of State Frank Jordan can't be considered a strong exponent of the \$25 every Monday movement but representatives of that bloc of old age pensioners consider him at least a good prospect.

When a group of oldsters flocked to present a resolution protesting the inauguration of Gov. Culbert Olson, Jordan remarked: 'I'll probably be needing a pension myself one of these days. I had my palm read the other day and the gypsy told me I'd live to be 103 and have romance at 100. The oldsters gave him a rousing cheer.

Thifty Jim Farley Makes Big Ones Out of Little Ones

by TOM JEFFERSON

Despite a billion and a half dollar deficit the administration is making an honest effort to save kale. HONEST! Postmaster General Jim Farley announced 10,206 mailsax, worn out at the bottom, have been made into smaller bags thus saving the department \$135,309! We'll bet genial Jim spends his 'off hours' looking for needles in hay stacks.

DEER AT ZION PARK REDISTRIBUTED FOR IMPROVED FORAGE

SAN FRANCISCO, Jan. 12 —(UP)—Nature solve wildlife problems in the famous Utah park by deer trapping. The National Park Service regional office, U. S. Department of the Interior, reports.

Approximately 100 animals have been trapped, crated and loaded by CCC enrollees during the past several weeks in areas where deer were becoming too plentiful in relation to available grass and other food. Some of the captured deer were transported and released outside the park in under stocked areas having plenty of forage. Some were taken to Bryce Canyon National Park. The majority were released in the North and South Baracks, Johnson Canyon, Coal Creek and Mineral Wash sections of Zion National Park.

All animals were tagged on the ears for future identification with the exception of one large buck. He kicked his way out of a crate, escaping into the forest without the benefit of a tag.

Most of the deer were caught by corral type traps and the remainder

STATE'S PRISONS HAVE POPULATION INCREASE

SACRAMENTO, Jan. 12 —(UP)—The prison population at both Folsom and San Quentin have been gradually increasing in the last year and a half in which the trend had been reversed, the State Board of Prison Directors reported to the governor this week.

The San Quentin population was 5,377 on June 30, 1938, compared to 5,001 a year earlier, while at Folsom there were incarcerated 2,926 persons compared with 2,908 on June 30, 1937. "The possibility of overcrowding in the immediate future is removed, however, by reason of the construction of a new institution to be located in Southern California at Chino," the report stated.

Tahoe Ramblings

(By SWANEE)

Some snow still remains on the trees and fences at this writing, with from one to three feet of snow on the level, greater depths in the mountains. The lake level Monday stood at 6228.88 with 367 CSF of water leaving the Tahoe gates.

Sickness has been a visitor at several Tahoe homes during the past few days. The most seriously ill was Fred Kohler of Truckee River who has been under the care of Dr. J. H. Bernard. A bad cold, caught New Year's day, developed into pneumonia and has kept him in bed since.

Mrs. Gerda Kvistberg entertained guests for four days at her Tahoe Park home Sunday and has been ill with a cold. Her guests were all University of California students, Carl Foreman, Dick Simond, Dick Goldman and Sam Ziegler.

On Monday Mrs. Florence Munter who has been visiting at the home of her sister, Mrs. Al Hull, left for San Francisco.

Mr. and Mrs. Jack Malcolm of Tahoe City have closed their home here and left for Sacramento where they will spend several months.

James Ferguson left Tahoe Saturday for Sacramento where he spent several days.

From San Jose comes the bad news that Joe Re is confined to quarters with illness.

Miss Marie Miller and Carl Brooks of Reno were Tahoe visitors Friday. Lucky trapeze last week were Miss Alice Soll and Joe Pomin who each found a marten in their traps. Bill Johnston has quite a few to his credit already.

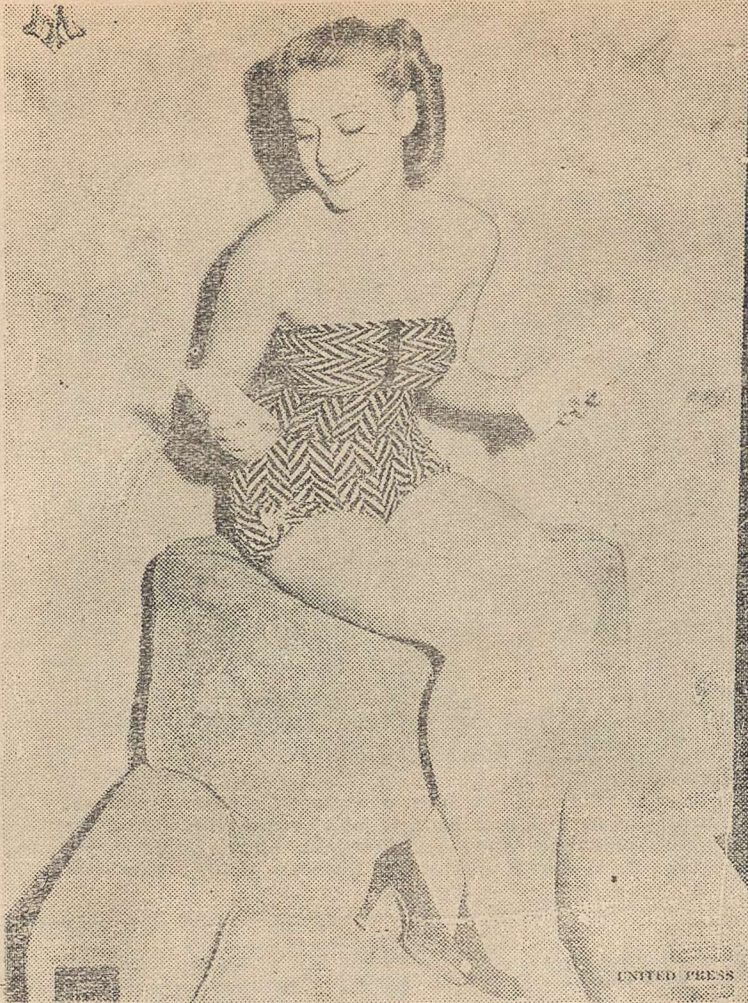

Seven year old Howard Carnell suffered a severe gash on his forehead Sunday when he fell on skis after attempting a jump.

Miss Donaldine Grass and Miss Lillian Vernon motored up from Sacramento Sunday to enjoy skiing on the golf course where a large crowd of local residents and out of towners gathered for the weekend.

Mrs. Carl Bechdolt Sr. and son Bill are spending a few days in Reno at the home of Mr. and Mrs. Carl Bechdolt Jr.

Among the Tahoeites in Reno on Sunday were Mr. and Mrs. Weller Douglas and their son, who entered his Junior year at the University of Nevada.

'Straps Are For Streetcars'

Blonde Marjorie Moore, modeling the latest type bathing suit at the Los Angeles Market Week, says "straps are for street cars, not for bathing suits any more."

If you handle dependable merchandise—take your place in the SUN

sity of Nevada.

The Charles Swansons were hosts at a dinner Friday to Mr. and Mrs. James Ferguson and sons and Constable Harry Johanson. The Robert Wallaces joined the group later.

Thursday Mr. and Mrs. Ted Schleuter of Tahoe Park returned from the bay area where they enjoyed a short vacation.

Recent Tahoe visitors at Tahoe were the sons of Mrs. Frank Salter Howard, James and Elm Park, home from eastern private schools.

Mr. and Mrs. Monett Hamilton and son of Tahoe Lodge Saturday left for a visit in Vallejo to motor later to Sacramento.

The Turnage Grocery closed its doors for the winter Saturday and moved all stock to the main store at the recent storms added 1.55 inches of precipitation to the total at Tahoe

Englebright Makes Apropos Observation On Roosevelt Message to 76th Congress

Commenting on the President's message to the opening session of the 76th Congress, Congressman Harry Lane Englebright of Nevada City, G. O. P. whip in the House, said: "Very interesting message and I sincerely hope that Congress will soon be advised of the administration's plans for helping the unemployed and giving long needed aid to agriculture."

Liberties Union Denies Communist Connection In Affidavit to Committee

NEW YORK, Jan. 12—A nine page affidavit addressed by the American Civil Liberties Union to the chairman of the House Committee on Un-American Activities, Representative Martin Dies, Texas Democrat, denied that the Union had any connection with the Communist party.

The Union declared that it defended the rights of all regardless of any political or social philosophy. They cited their defense of the Ford Company, the Silver Shirts, the Catholic Church, Jews, Nazis and Communists in their rights of freedom of speech and assembly. It noted that its cases involving Communists made up a very small part of their agenda.

TAHOE WINS \$25 FOR LARGEST GROUP AT WINTER SPORTS SHOW

TAHOE CITY, Jan. 12—Members of the Lake Tahoe Ski Club were jubilant Saturday night when they were awarded the \$25 prize offered by the Sacramento Winter Sports Committee for having the largest representation traveling the most miles per person to the carnival held in the municipal auditorium. Tahoe's aggregate mileage was 5000 with 38 members present in ski togs in the parade. Many other members went down but only those in ski togs were eligible for counting. Tahoe was assigned a special section and given a banner with the name of the club Mr. and Mrs. A. M. Henry leading the club's contingent in the parade. Miss Mary Pronzato, the Tahoe club entrant in the quenn contest, wore a blue ski suit with knickers and white accessories and made a very favorable showing.

Among those appearing for Tahoe were Miss Pronzato, the Henrys, Mr. and Mrs. H. D. Worden, Miss Helen Worden and James Worden, Albert Henry, Jr., Miss Jean Wehrman, Mr. and Mrs. Joe Duffee, Miss Eunice Duffee, Mr. and Mrs. Al Hull, Dean Hull, Mrs. Florence Munter, Lloyd Cramer, Charles Peterson, Jim Easton, Charles and Oliver Hendrickson, Miss Marilyn Hinkle, Misses Lillian and Florence Vernon, Joe Pomin, Ernest Pomin, A. M. Anderson, Carl Bechdolt, Jr., Doug Smith, Miss Princess King, Walter Mandeville, Sara and Frank Bacchi, Kathleen and Jack Starratt Anderson, Mrs. and Mrs. Robert Watson, Mrs. Gerda Hendrickson, Harry Johanson and Sig Ulland. Members of the Sacramento branch of the club and its friends from all over the state were on hand with a great deal of moral support.

Sig Ulland, introduced over the address system, exercised his usual reticence. His speech: 'Hello everybody! I am glad to be here' was the comment. The announcer countered with 'Mr. Ulland is short-on the talk but long on the jump.' A grand time was reported by all.

After the ball Mr. and Mrs. Matt Green were hosts at a cocktail party. Complimenting Tahoe's queen. Those attending were Mr. and Mrs. N. R. Mayfield, the Greens, Mr. and Mrs. A. M. Henry and the guest of honor.

Miss Pronzato will spend a few days in Auburn lining up her work tests of the new hill.

CONSTABLE'S DEPUTIES GO TO COUNTY SEAT IN ROBBERY INQUIRY

TAHOE CITY, Jan. 12—Constable Harry Johanson over a week ago paid a visit to the board of supervisors and qualified for office. The local peace officer returned from Reno last week driving a 1939 Buick coupe.

Today the constable and his deputies, Charles Swanson and Fred Kohler, who recently recovered a great deal of stolen property from James Brown, have been ordered to Auburn. They will take down with them other stolen goods now on hand for identification and will testify at Brown's hearing. Swanson was the witness who identified the accused as the man leaving the Wangstrum brothers' tenthouse near Rampart on the day they were robbed of \$35 worth of clothing and suitcases. Household articles stolen from the homes of Dr. Hill and Dr. Burnham were among the recovered loot. Brown will be sentenced today on a charge of possessing stolen goods.

Seawell Offers To Take On Duties of Marysville Solon

State Senator Jerrold Seawell of Roseville has offered a pinch hit for Senator W. P. Rich of Marysville who is ill in a Chico hospital.

In a letter to the constituency of Senator Rich, through the medium of the district's press, the Roseville solon offered to introduce any bills that Mr.

for the semester and a few more studies with Dr. Napier before returning to Fort Bragg for a vacation.

Ulland has been invited to attend and compete in the International Championships to be held on Treasure Island at the 1939 World's Fair. He will go to Leavenworth, Wash., for their meet of Jan. 28 and 29 and will then depart for the National Meet at St. Paul, Minn., on Feb. 7 and 8 when he defends his National A jumping title.

Finishing touches were being put on the Tahoe club's warming hut at the bottom of the new hill near town Monday, a partition being placed around the gas motor which operates the upski. A counter will also grace one corner where lunches may be served. For once there would be very little objection to a good old fashioned snow storm of four or five feet that would be ample for a few trial tests of the new hill.

SANTA CRUZ COUPLE, KNOWN AT TAHOE, IS WED BY REV. ADAMS

TAHOE CITY, Jan. 12—Surprising their many friends both in Santa Cruz and Tahoe, two young people from the former city motored to Reno January 2 and procured a license to wed. Rev. Brewster Adams performed the rites that joined Mr. and Mrs. Russell Ecker in the bonds of matrimony. After a short tour the newlyweds were guests at the home of Tahoe friends where they enjoyed their first frolic at snow sports. They left for short visit in Grass Valley and thence to Soledad, the place of the groom's employment, where they will make their home.

The bride is the former Lois Connell the daughter of Mrs. Ida Connell of Santa Cruz.

EARL KELLY IS NEW BANK OF AMERICA EXECUTIVE, REPORT

Earl Lee Kelly, for the past six years director of the state department of public works, will become associated with the Bank of America in San Francisco as a vice president on January 16, according to an announcement made by L. M. Giannini, president of the bank.

Most notable accomplishment during his administration of the department was the supervision of the construction of the San Francisco Bay Bridge and the bridge railway system, which opens January 15. He also directed a \$175,000,000 state highway building program and an extensive building program for various state departments and institutions. In addition he was instrumental in persuading the Federal Government to undertake construction of the \$170,000,000 Central Valleys Water Project upon which work is now under way.

Rich desires to have introduced. He also offered to aid the 10th district in every way possible pending Rich's recovery.

Rich is expected to be on hand for the second portion of the session.

The Man At The Keyhole

(BY OPERATIVE WB)

TO THE HIGHEST BIDDER—

Conviction is rife that if California decides to play Auction with her annual auto licenses, there'll be no trouble at all in netting a thousand dollars each for license numbers 17 and 10—and probably that much too, for several choice personal telephone and residence numbers. Whether Governor Olson's suggestion was born in jest or at a serious moment of contemplating the California deficit, it must be admitted he's got something there. Something that movie stars, politicians, big shots (and most of the rest of us who could raise the dough) would pay for.

LEGISLATIVE JITTERS—

The season's latest malady has broken out in a rash all over Sacramento—at least everywhere the politicians gather. The disease is dubbed "dictaphonitis" or "investigations jitters"—and by whichever name you call it, the effects are the same. Every arrival to the capital, on politix bent, makes a careful survey of his hotel room as soon as the bellboy closes the door. Everything, from the French prints on the wall to the washstand by the bed, is meticulously searched for a little black "mike." And every legislator who in an incautious moment ever expected on the sidewalk or tipped a Senate usher more than a nickel, is as jittery as a brile. The current epidemic of investigation, comment, or nosy reporter, is creating a phenomenon new to politics—Senators who answer "Yes" only at official roll call—and Assemblymen who when invited out to dine, order simply ham on eye.

"BILL" PULS SOME WIRES—

According to the record it was a straw that eventually broke the camel's back. But it was a telegram—or, rather, several of 'em—that finally broke the Senate deadlock over selection of its all-important president pro tem, and landed Senator "Jerry" Seawell in the coveted spot. Over his signature of popular Senator "Bill" Rich, laid up in the hospital after a serious auto crash injury, the wires were received at the eleventh hour by members of the House of Lords—and they all said the same thing—simply the name of the man "Bill" would have voted for. That man was Jerry!

HAINES HEADS BOARD AGAIN

Supervisor William Haines of Auburn has been reelected chairman of the Placer County Board of Supervisors. He was opposed for the post by Jerry Shelley of Roseville. Haines has served as chairman of the board for two terms and has served an aggregate of 20 years as a member.

MOODY, deceased, CENTRAL PACIFIC RAILROAD COMPANY, a corporation, JAMES GOLDEN, JAMES GOULDEN, WILLIAM GOLDEN, WILLIAM GOULDEN, W. M. DOUGLAS, QUONG SING LUNG,

At the State Capitol

WITH YOUR ASSEMBLYMAN, THURMAN

by Assemblyman Allen G. Thurman
While the first week of the state legislature saw little action other than the passing of the emergency relief appropriation, never the less there were a total of some two hundred bills introduced in the Assembly and on Monday of this week a number of additional bills were introduced. There will of course be no action upon these numerous bills until the various committees are organized and the bills go to their respective committees. In addition to more than two hundred bills being introduced in the Assembly, there have been a large number of bills introduced in the Senate.

This being the first term of your assemblyman, of course everything is new. However we are fast becoming acquainted with the other members and with the procedure. Your former assemblyman, State Senator Jesse Mayo, has assisted in my becoming acquainted with the older members of the state legislature. We appreciate most sincerely his courtesy to us on our new job.

The writer is working with the four state senators of the district. A. L. Pierovich, Jesse Mayo, Jerrold Seawell and Charles Browne, toward the appointment of a member of the state fish and game commission from this region. We plan to call on Gov. Olson when he returns to his desk and ask that our district be considered when he makes appointments on this highly important commission. I am hoping I will be assigned to the fish and game committee of the Assembly. I have asked Speaker Paul Peck for the committee appointment and if successful, know that I can be of service to the sportsmen in the district.

Bills placing a severance tax on gold and silver and other of our natural resources have already been introduced and I need not tell the readers of the Sierra Sun that this action is of vital importance to the district. Such a tax would injure our mining industry. It is our opinion however, that such a bill will not pass.

Your Assemblyman was among the first group of legislators who were sworn in on Monday, January 2nd. The members are sworn in by counties in alphabetical order and so I answered the roll call when Amador County was called and took the oath of office with the assemblymen from Alameda, Butte and Colusa counties. An assemblyman responds only when the first of his counties is called. Los Angeles County alone, with some 30 assemblymen, was called by districts requiring two or three groups from that county taking the oath of office at a time.

There has been considerable newspaper talk to the effect that Republican bloc in the Assembly was opposing certain measures of the administration, including the emergency relief measure which passed the Assembly last week with an unanimous vote.

MRS. LOIS E. CURLESS, Administrator of the Estate of WILLIAM CURLESS, deceased, JASPER A. MARTIN, DOCTOR PAUL S. COOK, and W. A. CURLESS, and all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiffs' ownership, or any cloud upon plaintiffs' title thereto, Defendants.

You are hereby notified that an action has been commenced against you in the above entitled Court by the above entitled plaintiffs for the purpose of determining all adverse claims to and clouds upon the title to all that certain real property situate in the County of Nevada, State of California, particularly described as follows, to-wit:

All lots as shown on the official "Map of Henry Tract, Donner Camp," recorded in the office of the County Recorder of Nevada County, June 31, 1911 in Book 1 of Maps, Map No. 20. The South half of Northeast quarter of Section 12, Township 17 North, Range 14 East, Mt. Diablo Base and Meridian.

Parcel 1 — The Northeast quarter of Section 9, Township 17 North, Range 16 East, M. D. B. and M.
Parcel 2 — The Southeast quarter of Section 9, Township 17 North, Range 16 East, M. D. B. and M.
Parcel 3 — The Southwest quarter of Section 9, Township 17 North, Range 16 East, M. D. B. and M.

You are hereby directed to appear and answer the complaint in an action entitled as above brought against you in the Superior Court of the County of Nevada, State of California, within ten days after the service on you of this summons,—if served within this County; or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiffs will take judgment for any money or damages demanded in the complaint as arising upon contract, or plaintiffs will apply to the Court for any relief demanded in this complaint.

GIVEN under my hand and the seal of the Superior Court of the County of Nevada, State of California, this 12th day of July, 1938.

R. N. McCORMACK,
Clerk
By R. E. DEEBLE,
Deputy Clerk.

Pub. Jan. 5-12-19 28

POLITICAL POTPOURRI

by TOM JEFFERSON

This week's political news brings forth the first major avowal of intention to seek the presidency in 1940. According to the United Press, Paul V. McNutt, high commissioner of the Philippines, former American Legion National Commander and the leading light of one of the most efficient factions of his, the Democratic party has declared himself as a candidate and has set up headquarters in Indianapolis. McNutt should have no trouble in polling enough votes to make things interesting. Called the Adonis of the Wobash, McNutt, beside being a capable administrator and politico, is probably the handsomest man in politics today with a candle holding competition restricted to Henry Cabot Lodge, Jr., of Massachusetts, a Republican, and Tom Dewey of New York, another elephant herder. Next to the incumbent, his is the most forceful and magnetic personality in the party. His main opposition will come from raspy matron jaded little Harry L. Hopkins of Iowa on the left and the plump and pompous Sen. Bennett C. Clark of Missouri on the right. With these two bucking one another, McNutt seems the outstanding candidate from a compromise standpoint.

†††
The tremendous ability of "Governor" Earl Lee Kelly has been recognized by the greatest banking institution in the west, Bank of America. He has been accepted into the firm as a vice president. It is with an expectation of a negative answer that we ask the bank: "Do you think that the people of California will allow you to keep from their service such a man as Kelly?"

†††
Our assertions as to Culbert Olson and his presidential possibilities for '40 knocked themselves in the head this week when the governor proved that he was unable to stand the strain of an arduous campaign and the duties attending the taking over of the reins of government, which, by reasoning, are not hard as arduous as tackling the presidency. We are sure that rough and rugged former governor Frank Merriam is wondering just what his opponents who said he was too old and infirm to stand the duties are thinking.

We wish the governor a swift and complete recovery. The people of California expect no super man so don't tax your strength, governor. The state will need you to carry on your program these next four years.

†††
We wonder what fairy tale category we will fall if we dare to say that the public debt of the U. S. is more than One billion six hundred million smackers and still being up!

We would like to inform the readers of the Sun-Republican that there is no such thing as a Republican bloc organized to oppose administration measures. Those of us who are Republicans are here representing the people of our districts regardless of party and we have no bloc organized to oppose the administration in the Assembly.

O'Brien

Joseph O'Brien, one-time Monitor, arrested by federal agents on charges of falsifying passport information at the start of a world cruise two years ago with socialite Mrs. Anita Imelda Bowie of San Francisco. They went as "Sir St. James Joseph O'Brien and Lady O'Brien." Authorities assert they were not then married and that O'Brien's title was fictitious.

Kansas City Boss Stretches Control Of Local Liquor to Source In Frankfort, Ky.

FRANKFORT, Ky., Jan. 12—T. J. Prendergast, Democratic boss of Kansas City, has been granted a charter to operate a distillery in Nelson Co., near Bardstown.

Prendergast, whose grip on Kansas City politics has been compared to that of Mayor Frank Hague in Jersey City, already operates a wholesale liquor house there. His critics maintain that many of his sales are made because retailers hope to win his political influence to their side.

Meehan Proposes Cooling System For Yorty Office For Hot Language

SACRAMENTO, Jan. 12 —(UP)—Air cooled legislation may be produced by the 53rd session of the California legislature if a suggestion of Assemblyman Henry Meehan, Oakland, is followed.

Meehan introduced a resolution asking that a refrigerator be placed in the office room occupied by Assemblymen Sam Yorty and J. Tenny, both of Los Angeles. He urged this he said, because of the hot language in their legislation to be "cooled before reaching the speaker's desk in order to remove the possible fire hazard," Meehan said.

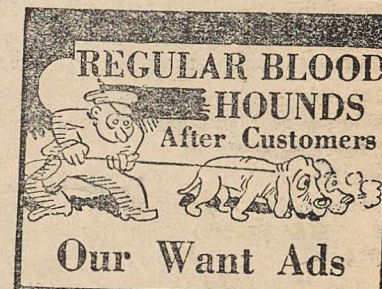

Yorty responded with a suggestion that heaters be supplied opponents of his legislation "so that their hearts might be warmed to the point where humanitarian laws would be given the people."

COST OF KEEPING A DICIPLE OF JOHN THE BOTTLE HIGH REPORT

LOS ANGELES, Jan. 12—It costs this city \$51.33 for every person who is arrested on a drunk charge.

And the total costs for arrests made of drunks amounts to \$2,369,898 a year. That was the statement of Councilman G. Vernon Bennett in a resolution he introduced before the city council asking that the state be asked to contribute \$2,054,563 a year towards enforcing the liquor laws and arresting inebriated persons on the streets, alleys and public places of the city.

Police officials said these costs were computed on the basis of the time consumed by arresting officers, stenographers, fingerprint experts and filing clerks; paper used; feeding, bathing and housing prisoners and giving them much needed medical attention.

POLITICALLY SPEAKING

by JOHN W. DUNLAP
United Press Staff Correspondent

SACRAMENTO, Jan. 12 (UP)—Now that the inauguration fanfare has died away and the legislature settled down to serious business, it is evident that Gov. Culbert L. Olson will have his hands full trying to cope with a Republican senate.

The senators didn't falter in stride on their first two opportunities to rebuff Olson—both concerning the confirmation of Rex B. Goodcell as state insurance commissioner, former Governor Merriam appointed Goodcell but Olson wanted the senate to refuse confirmation and permit him to pick a successor, presumably a Democrat. The senate promptly confirmed him by a 27 to 8 vote in its opening session. Acting the next day on a motion to reconsider, the senate voted 22 to 15, giving Olson a boost of 7 votes but not enough to win. A parade of senators was called into the governor's corner office in an effort to change the vote.

Olson was frank in criticism of the senate action:

"I believe an outgoing governor who failed in election is not expected by the people to use snap judgments and make appointments during the

two or three hours intervening between the outgoing and incoming administrations."

†††
The Democrats did not hesitate to show their displeasure at the organization of the senate, for their precession hopes of counteracting the Republican majority did not pan out very well. In the first place, Senator Jerrold Seawell of Roseville out-caused Brad Crittenden of Stockton and was named president pro tem. Seawell, a strict parliamentarian and a conservative Republican, can pretty well keep the Democrats in line.

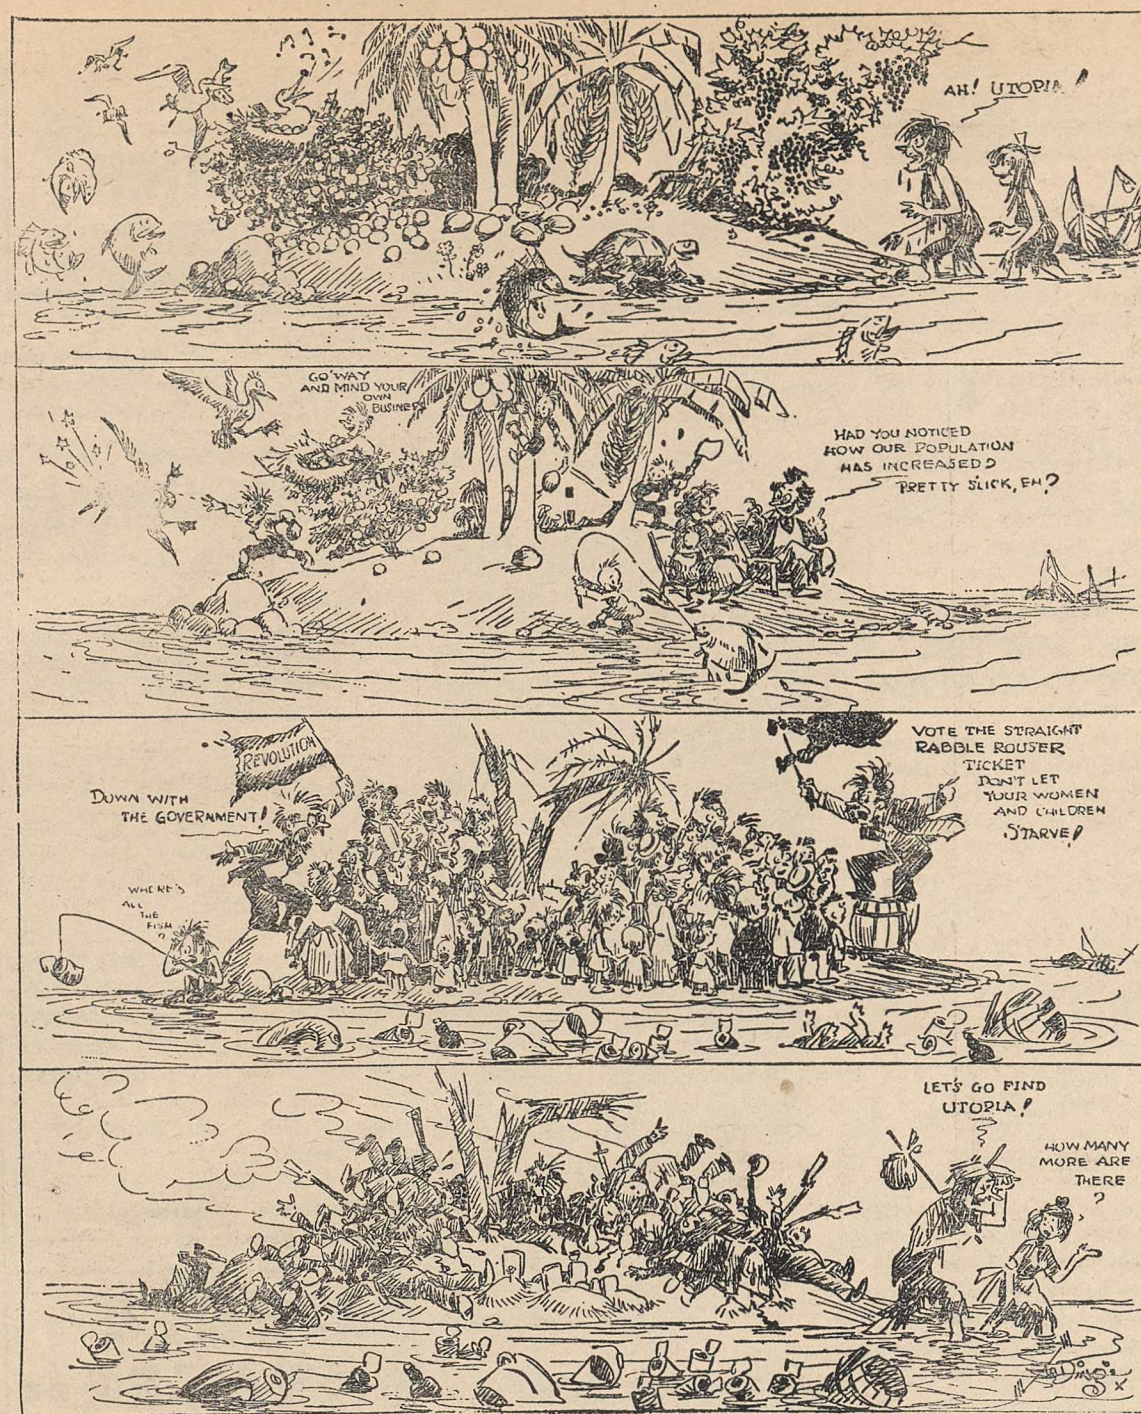

Lt. Gov. Ellis E. Patterson failed in his campaign to get control of senate committees. The senate voted in March to take away the presiding officer's right to name committees and the Republican majority was sufficient to hold this in effect. The committee on committees will have two Republicans, two Democrats and Seawell as chairman.

The Republicans are aware of the fact that they must cooperate with the Democratic administration to a certain extent or their favorite bills will fall by the way side in the Democratic assembly or on Olson's desk. But they hold the big stick without doubt.

†††
The Democrats were more successful in the assembly, where they held a 44 to 36 margin. Paul Peek of Long Beach was the caucus choice for speaker and defeated Ray Williamson of San Francisco, Republican. He brings

THE OUTLINE OF HISTORY

By Ding Darling

Courtesy, National Wildlife Federation

Park officials have marked cross-country trails varying in lengths, taking into consideration the ability of the average skier. Warming shelters ranging from primitive three-sided lean-tos to cozy cabins, are provided by the national parks, as well as first aid equipment.

A forest service Winter School for rangers is announced for Jan. 16 to 20 at the Big Bend Ranger Station. It will include ski instruction, ski practice, first aid and snow safety instruction and a course in snow survey.

The U. S. C. ice hockey squad of 15, fresh from a victorious eastern tour, left Los Angeles Wednesday night to compete in the Annual Pacific Coast Intercollegiate Ice Hockey matches at Yosemite this weekend. They are coached by Arnold Eddy.

Leaving at the same time was the U. C. L. A. team coached by Harvey Taaffe and accompanied by Jimmie Wallington.

Loyola, the present title holders, are also on the way under the direction of Tom Lieb. University of California, coached by Julius Schroeder, is the only northern California contender.

The opening game tonight is between U.S.C. and U.C.L.A. is to be followed by the finals Saturday night. The strong Trojan team is favored to regain possession of the coveted Hoover trophy. Loyola has won for the past two years, three times in all, Southern Cal five times and U. C. once.

The filming of a purely California sling picture was started in the Sugar Bowl last Monday by a major film company, according to Dennis Donohoe of the state chamber of commerce.

The cast is headed by Hanne Schroll, who promoted the picture, and his 'Snowbirds', which include the leading skiers of California and Nevada. Schroll and his cast have been polishing up on speed and technique since November in preparation. Ten days will be required to complete the opus. Soda Springs will serve as headquarters. Charlie Chaplin's 'Gold Rush' was filmed here. Metro Goldwyn Mayer is in charge of production.

FRIEND OF BIG GAME

MANY A HUNTER'S DAY has been spoiled by a blue-jay. He's the policeman of the woods, and when he sights anything unusual, such as a man stalking a deer, he calls out a shrill warning. Sometimes, however, a bluejay betrays the hiding place of a wounded buck. Also, the bluejay helps in the distribution of many species of trees and shrubs through its habit of hiding seeds and forgetting all about them.—Photo from National Wildlife Federation.

sports

SKI NOTES

SAN FRANCISCO, Jan. 5—Winter sports have again taken their place as the favorite recreation of thousands of Pacific Coast residents, as reflected in the increasing numbers of snow sports fans arriving in the western national parks, the San Francisco

to the speakership a friendly cooperation with Olson and a leader in pushing through the liberal Democratic legislation embodied in Olson's election campaign.

The bourbons also won the position of speaker pro tem with Hugh Donnelly of Turlock.

cisco office of the Department of the Interior stated this week.

While no elaborate ski carnivals or spectacular professional meets are encouraged, the national parks are favorite spots for people interested in consistently good snow conditions against backgrounds of superlative mountain scenery. The arrival of family groups, parents and children, is especially welcomed by park officials, in keeping with the National Park Service policy of encouraging beginners and average skiers rather than restricting facilities to the type used by accomplished skiers.

The latter, however, find better than ordinary thrills in the speedy slopes available in any of the snow sports parks—Mt. Rainier, Crater Lake, Lassen Volcanic, Yosemite, Sequoia and Glacier National Parks. Construction of extensive artificial facilities including towering frame-

works of ski jumps is not allowed. Steep hillsides in some areas fashioned during deep snow into natural jumps have functioned successfully for a long time, and better possibilities for long jumps and the familiar tail to tail jumps are being developed.

CITY NEWS IN BRIEF
Things You and Your Friends Do

Home From Roseville—

Mr. and Mrs. Earl Smith and family have returned from a visit with Mrs. Smith's parents, Mr. and Mrs. E. W. Canady, in Roseville.

Returns To Classes—

Harold Wilson has returned to Berkeley to resume his studies at the University of California after a pleasant vacation with his parents, Mr. and Mrs. Frank Wilson of Truckee.

Back At Studies—

Miss Ida Stewart has returned to Grass Valley and has resumed her studies at the Mt. St. Mary's School of Business after a two week's visit with her mother, Mrs. Hannah Stewart in Truckee.

Home From Visit—

Mrs. C. E. Smith has returned from a visit with relatives in Carson City. Judge Smith motored down to bring her home Sunday.

River Street—

and Desio's Restaurant will be the scene of the meeting of the Truckee Chamber of Commerce Monday, January 16th.

Goes On Vacation—

W. F. Wilkie left Wednesday on an extended vacation.

To Capitol—

Mr. and Mrs. T. E. Pinkney were Sacramento visitors this week.

To Return—

Mr. and Mrs. Benjamin Tonini and Miss Hazel Nelson are expected to return the latter part of the week from San Luis Obispo where they have been visiting.

Week End Visitors—

Leland McNe of Florin and Eugene Delermida of Sacramento were local visitors last week end enjoying winter sports here and nearby.

Back From—

Elmer Rouse of Truckee has returned to his home after undergoing medical treatment at the Landis hospital in Grass Valley.

To Ski—

Earl Edmunds will be in the cast of a ski movie being filmed at the Sugar Bowl near Donner Summit.

In Carson—

Mr. and Mrs. Fred Hauser of Lake Tahoe were recent visitors at Carson City.

Back To School—

Frances June Polyanich of Truckee has returned to her classes at Mt. St. Marys Academy in Grass Valley after spending two weeks with her parents here.

In Modesto—

L. M. Stone of the Tahoe Forest Service and his family were recent visitors at Modesto, Stanislaus county.

In South—

Mr. and Mrs. E. Meiss, Miss Yvonne Garrison and Jack Garrison have returned from Los Angeles and other Southern California cities. They enjoyed the East-West Shrine football game during their vacation.

Miss Garrison also visited friends near Woodland.

860 CONVICTS GET PAROLES DURING YEAR; 2 IN COUNTY

SACRAMENTO, Jan. 12 —(UP)—A total of 860 inmates were paroled from California's two penal institutions during the last fiscal year, 679 from San Quentin and 181 from Folsom, the State Board of Prison Terms and Paroles reported today.

Of the total, 430 stayed in California after their release, 319 went to other states and 111 were deported.

From the San Quentin institution two of the released inmates came to Nevada County.

We would feel cheap about giving away free, some of the week printing jobs sold by mail order printers as first class work.

Attend Inaugural Ball—

Mrs. A. B. Polyanich of Truckee was among those attending the governor's inaugural ball in Sacramento last Friday. She was accompanied by Mr. and Mrs. R. E. Roberts and Wade Hamilton, the latter of International News Service. Ralph Brethauer and Bert Weeden were among the local people to attend the barbecue the next day.

C. C. GREENE PASSES AT COAST
C. C. Greene, father of L. A. Greene of Truckee, passed away at San Jose January 11th. The deceased leaves many friends in this area where he had spent the last two summers with his widow.
